

UNITED STATES DEPARTMENT OF AGRICULTURE,  
BUREAU OF ENTOMOLOGY,  
WASHINGTON, D. C.

April 27, 1909.

Dear Doctor Lutz:

The long-delayed "Monograph of the Mosquitoes of North and Central America and the West Indies" is just about completed. I wish to publish in it portraits of the principal workers on mosquitoes, and your face should surely be among them. Will you have the great kindness to send me your photograph for this purpose.

Sincerely yours,

*L. O. Howard*

Chief of Bureau.

Doctor A. Lutz,  
22 R. General Jardin,  
Sao Paulo,  
Brazil.
